Dear Tom-

Here are three sheets of slides for your review. Most of these pieces are available. One sheet contains paintings, one drawings and mixed media pieces and the other contain drawings which have reference to post-impressionist artists. I am now working on an entirely new body of work which is based on the self-portrait. I am enclosing some polaroid photos of the works in progress. Kevin Olds will be taking slides of the drawings this week and will mail them to you so that you'll get them this week sometime (I'll be in Chicago). This series is exciting to me and I hope to have at least 10-15 of these completed by March.

Thank you for your interest in my work. I'm sorry that I was not here in Akron to see you as you made your studio visits. If you have any questions, please feel free to call me at home: 1-867-3782.

I'll pick up these slides when you no longer need them to save you the time and expense of mailing them back.

Most sincerely,

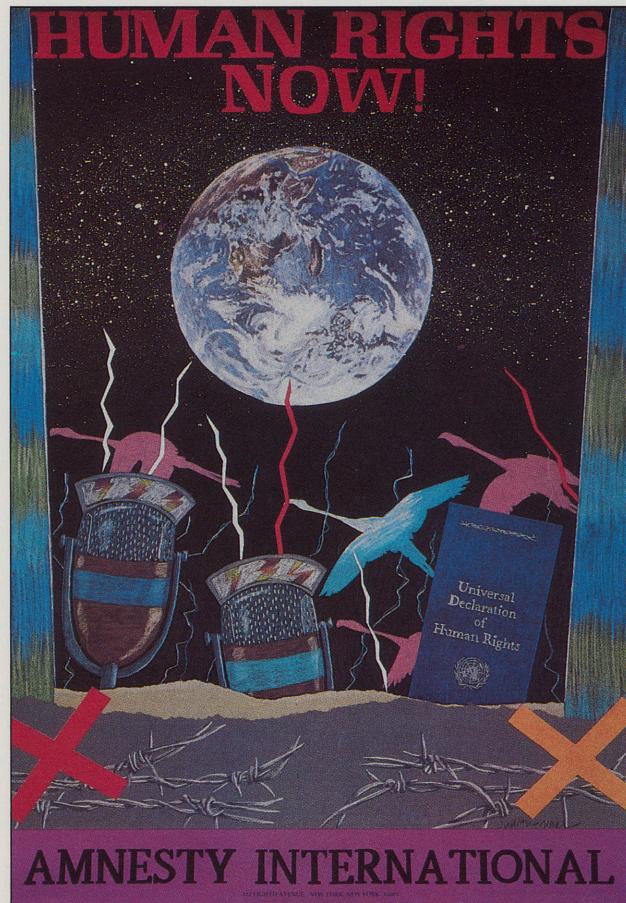

Judith

We would appreciate having a statement about your philosophy and work as an artist—either general or something specific about the piece(s) selected for this year's May Show to aid us in the preparation of gallery talks and in the release of publicity materials. For more space, use the back of this sheet.

This painting is taken from a dream that I had as a child. The dream was very strong and I knew I would express my feelings about it for years. The painting, though meant to depict a particular time and place in history, is meant for all time. We must learn to not recreate our mistakes no matter what man seems (over)

a timely motive. Much harm has been done
in the name of war^{religion}, national security and expediency.
